## THE WORLD MOVES.

We have only to go back to the time of Chas. I. to come upon the discovery of the circulation of the blood. To-day we understand that the life of the body is in the blood, and that impurities in it are the seeds of disease. Whatsoever improves the digestion and stimulates the Liver, Lungs and Kidneys drives out these impurities, or disease germs, and enriches the blood, and is therefore the source of health and strength. Thus far in the history of medicine nothing has been so successful as *Wampole's Preparation*, made from Fresh Livers, containing the active medicinal principles of Cod Liver Oil, the Hypophosphites Compound and the Extracts of Malt and Wild Cherry Bark. It makes fat which is like fuel to the system; it is wisely and scientifically combined, and a specific for Scrofula, Fevers, Bowel Complaints, Rheumatism, Debility, and wasting diseases. There is no bad taste to it. You get all the curative properties of the Cod Liver Oil, but not a whit of its offensiveness.

You would not know you were taking it. How different from the old fashioned mixtures - to say nothing of the plain oil! Well, the world moves, and this remedy illustrates the fact. Genuine has trade mark. Sold by all druggists.

## Peculiarities.

Lord Chancellor Eldon was energetical in his parsimonious habits by his wife, of whom it was said that she and her daughter had but one bonnet between them. The Rev. R. H. Barham, author of "The Ingoldsby Legends," records in his diary an amusing story of Lady Eldon's parsimoniousness.

June 1, 1822.—The chancellor is very fond of shooting. One morning last year his lordship, intending to enjoy a few hours' sport after a rainy night, ordered Bob, the pony, to be saddled. Lady Eldon told him he could not have it, but company being in the room gave no reason. In a few minutes, however, the servant opened and announced that Bob was ready.

"Why, bless me!" cried her ladyship, "you can't ride him, Lord Eldon. He has got no shoes on."

"Oh, yes, my lady!" said the servant, "he was shod last week."

"Shameful!" exclaimed her ladyship, "How dared you, sir, or anybody else, that pony shod without orders? John," continued she, addressing her husband, "you know you only rode him out shooting four times last year, so I had his shoes taken off and have kept them in my bureau ever since. They are as good as new, and these people have shod him again. We shall be ruined at this rate!"—Youth's Companion
